Dear Friends in Christ!

May the Peace and the Blessings of Our Lord Jesus Christ be with you always.

I am writing this letter again to extend my sincere gratitude and appreciation for your thoughtfulness and generous support in our ministry to the poorest of the poor especially with our service towards the disable children in our region.

Children with disabilities have been mis- understood by their own family members because such disease has been considered as curse from God and great numbers of them with disabilities have been ignored their basic needs by their own parents, family members as well as the society. It took us while before we create awareness and clear understanding among the society that disability is not curse by God and disability is not inability. If they get a chance like any other child they can be well again and could lead a good life and contribute to the society as well.

With this conviction we have been trying our best by gathering as much as possible children with disabilities in our compound from time to time, organize medical team to look after their needs like, medical treatment surgeries, providing comfortable shoes, crutches and wheel chairs and at the same time we facilitate for their education and for grown up like practical trainings. We would like to continue to do this in a better and organized way, as have a new and separate compound where we have started constructing a house to facilitate the above mentioned programs in better way. I really appreciate your financial donation which goes directly for the construction of the above mentioned house which you send through Rosi and Klaus Klekelers . I am very glad to let you know that we would like to name the new house, 'Lion Club house' if you don't mind please? We do it both in English and in Ethiopian National language called 'Anbessa buden'. In our language this name sounds very good and meaningful. This name will be written and will be placed at the entrance wall. Let me know if you agree and once again I am very grateful and we will send you the picture in near future once everything will be ready. May Almighty God continue to bless you, keep you united in heart and mind and bless all your good works.

Bishop Markos Gebremedhin CM

Vicar apostolic of Jimma-Bonga
